

CATHEDRAL OF THE IMMACULATE CONCEPTION

Kansas City, Missouri • The Gold Dome

Upcoming Changes to Our Parish Parking Lot

To help ensure that parking spaces remain available for those who need them, our parish will introduce a paid parking system for the general public starting **August 1, 2026**.

As a busy downtown area, our parking lot is frequently used by non-parishioners. This new system is designed to help our community always have a place to park when attending church.

Please rest assured: Parking will continue to be completely free for all parish members and anyone attending Mass.

What to Know

- **Mass & Events:** You will never be charged to park while attending Mass, confession, or parish ministry meetings.
- **Parking Decal:** Parishioners will receive a parking decal to easily identify their vehicle (more information coming soon).
- **Blackout Dates:** There will be dates when the parking lot is reserved exclusively for Cathedral events and closed to the general public.

How It Works for the General Public

Outside of church activities, visitors will pay a variable rate based on events. The daily base price begins at **\$8.00**.

Simply **scan the QR code** on the signs posted in the parking lot, or for advanced reservations download the **Parkwhiz App**.

We appreciate your understanding and patience as we implement this new parking management system.
